

# Mist and Trish Start their Trip

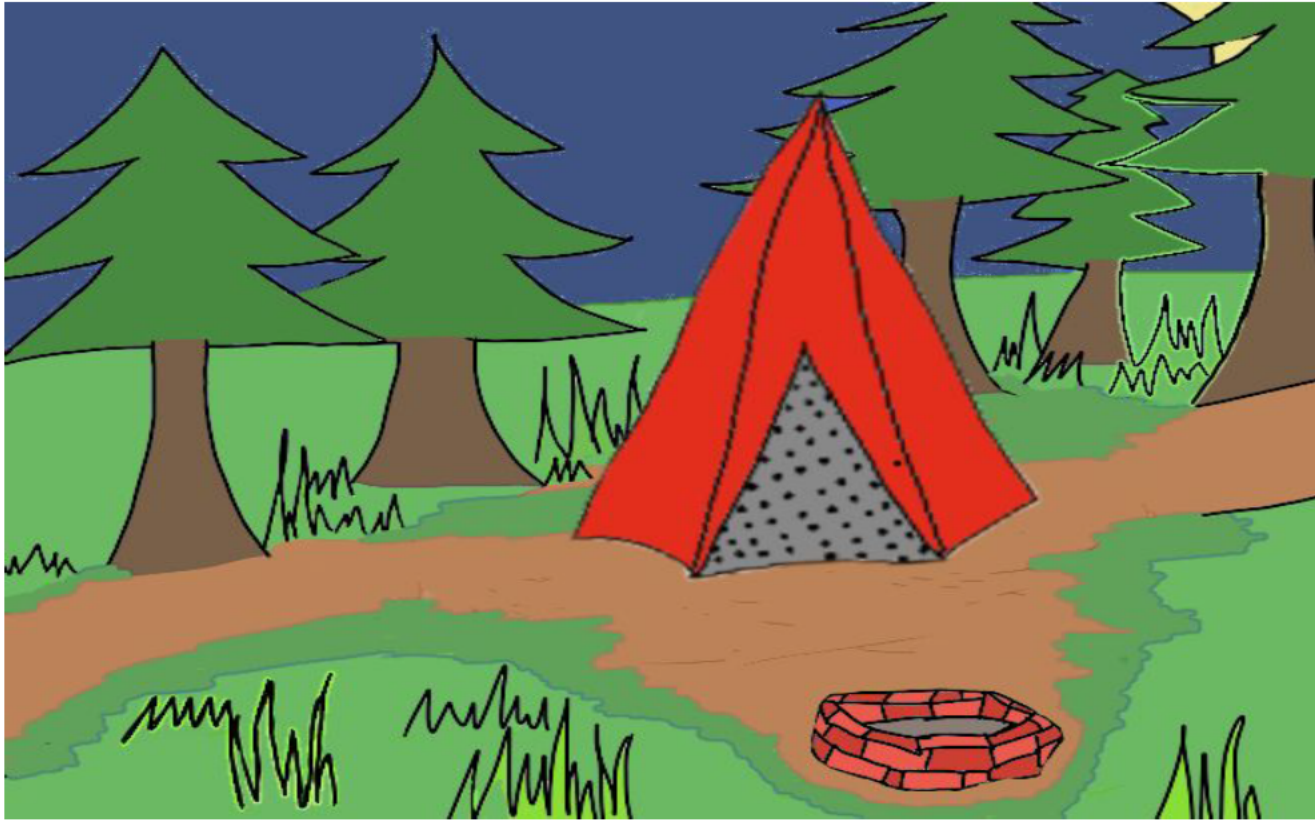

By Teresa and Katelyn Taylor

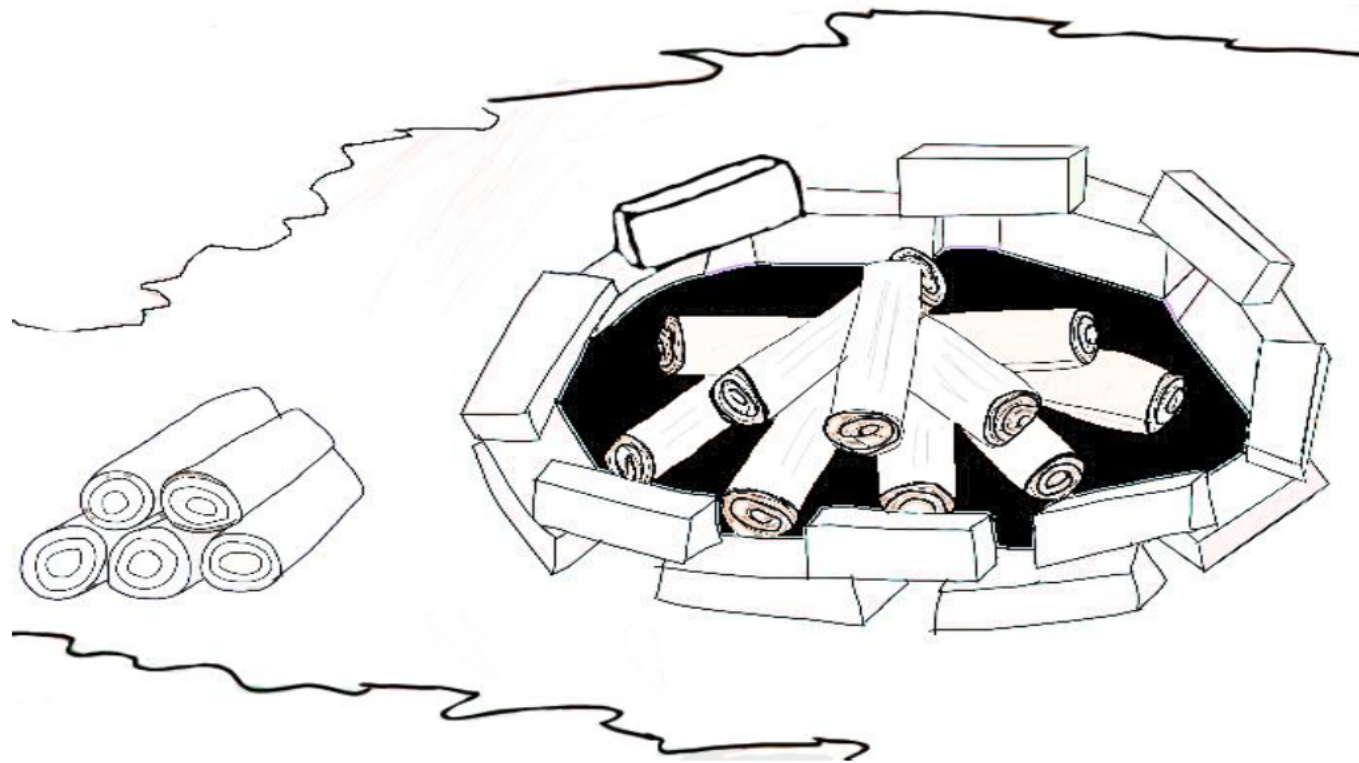

Mist and Trish march off the porch to the path and start their trip.

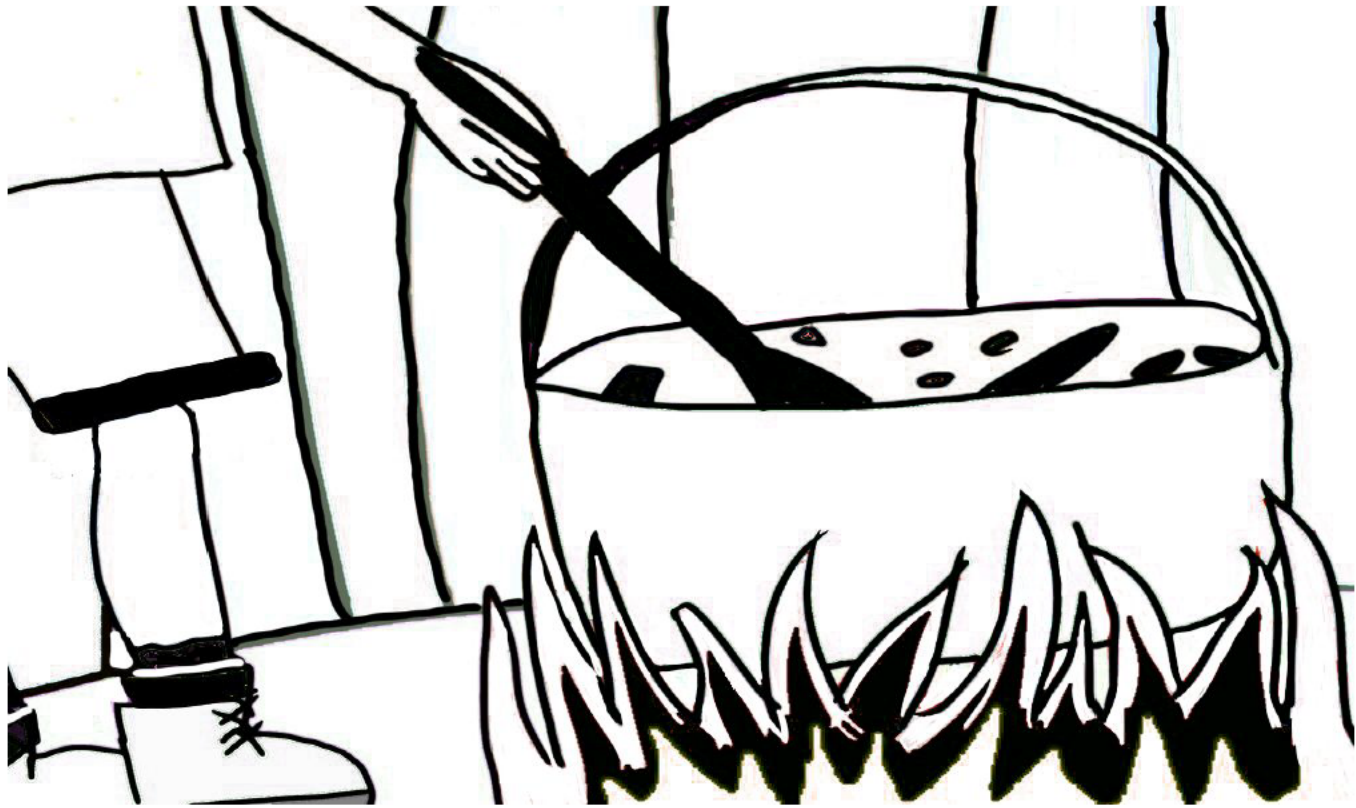

**They check the map. It will help them  
find a small but grand spot.**

**By dusk they find a spot to stop  
and pitch their tent.**

**The next morn, Mist chops and stacks logs to burn in the brick pit.**

**Trish whisks eggs and ham to  
make a quick brunch.**

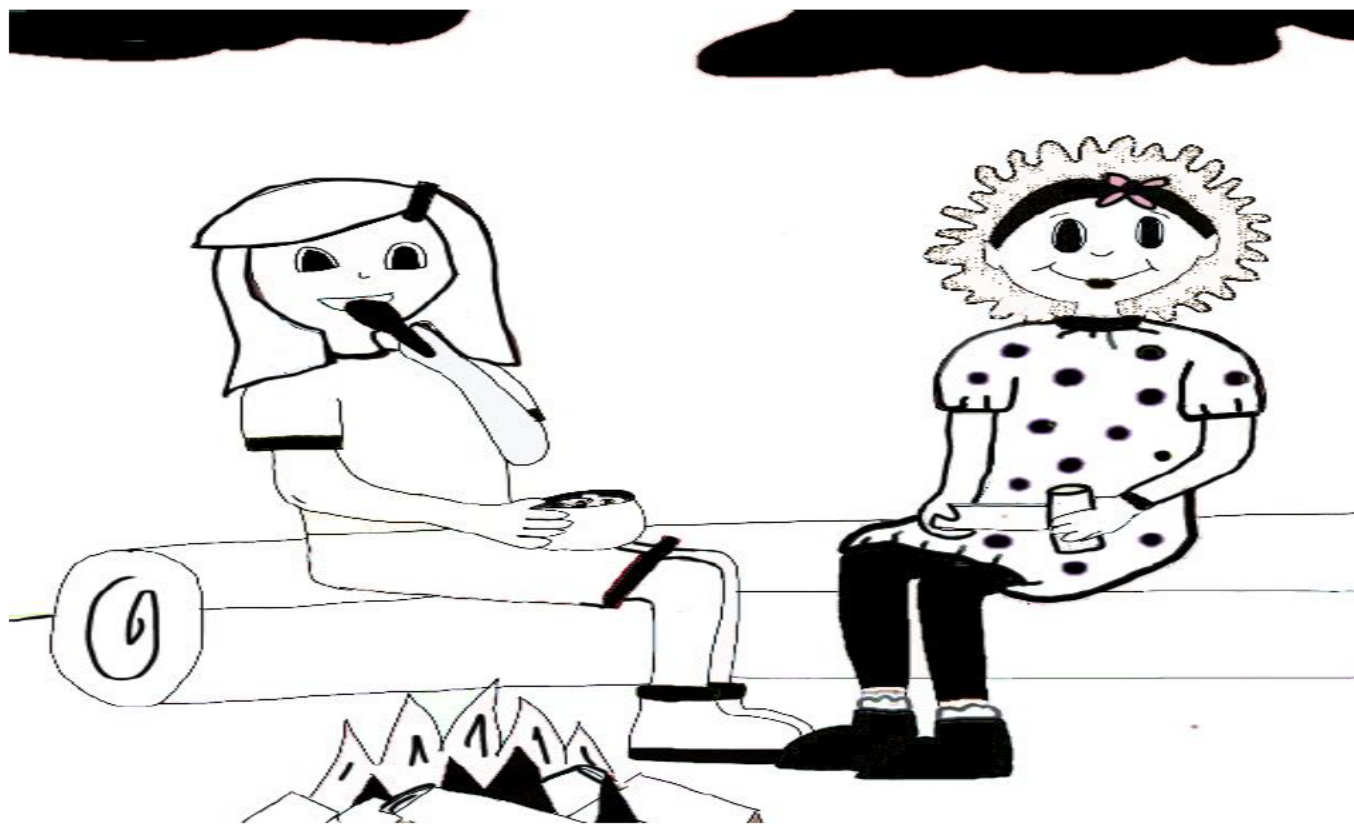

A skunk walks back to his stump  
when he smells the eggs.

The gals have a blast when they catch fish and crabs at the pond.

Mist and Trish grin as they  
chomp and munch their lunch.
